To Whom It May Concern:

This is to confirm that a paper coauthored by Elena Gabburo, "A Well Balanced Finite Volume Scheme for General Relativity," was accepted on August 30, 2021 for publication in SIAM Journal on Scientific Computing (SISC).

SISC is published by the Society for Industrial and Applied Mathematics (SIAM), an international community of over 14,000 members, including applied and computational mathematicians, computer scientists, and other scientists and engineers. SISC contains research articles on numerical methods and techniques for scientific computation. Papers in this journal address computational issues relevant to the solution of scientific or engineering problems and include computational results demonstrating the effectiveness of the proposed techniques.
